EDUCATION

Thapar Insitute of Engineering and Technology
Patiala, Punjab
Graduation: Jul 2026

B.E. in Electronics and Communication engineering
Minor in Computer science engineering

- *Relevant Course Work: Circuit Analysis, Digital System Design, Analog Electronic Circuits, Object Oriented Programming, Operating System, Data Structures, Database Management System*

Sunrise Public School, Aspur
Dungarpur, Rajasthan
10th (Percentage: 91.00%)
2019

Sunrise Public School, Aspur
Dungarpur, Rajasthan
12th (Percentage: 97.80%)
2021

PROJECTS

School Attendance System   *React js, JavaScript,Tailwindcss,Firebase*

- Developed a web-based school attendance system using ReactJS, Tailwind CSS, and JavaScript for the frontend, with Firebase as the backend. Real-time data storage and retrieval were implemented for accurate attendance tracking. Firebase was utilized for user authentication, database management, and serverless architecture, ensuring seamless and scalable performance.

Route Planner   *Dijkstra's Algorithm, C++*

- Developed a route planner for the Delhi Metro using Dijkstra's algorithm in C++, efficiently calculating the shortest paths between stations.

PortFolio Webiste   *React js,Tailwindcss*

- Designed and developed a personal portfolio website using ReactJS and Tailwind CSS. The website showcases projects, skills, and achievements with a modern and responsive design, emphasizing a user-friendly interface

E-Commerce Website   *React js,Tailwindcss*

- Developed a responsive e-commerce website frontend using ReactJS and Tailwind CSS.
- Designed with a focus on user experience and modern UI/UX principles.

EXPERIENCE

Member   *ECONOMICS CLUB, TIET*
Dec 2022-Sept 2023

- Proficiency in both business acumen and technical expertise.
- Contributed to the marketing team of the major event "The Wolves of Dalal Street."

TECHNICAL SKILLS

Languages: C/C++, HTML, CSS, JavaScript, SQL, TypeScript
Technologies: React.js,Nodejs, Expressjs
Databases: MySQL
Developer Tools: Postman, VS Code, Git, GitHub

ACHIEVEMENTS AND CERTIFICATIONS

- Attended Reckon 5.0 JIET JODHPUR hackathon, placed in top 15, and received certificate. Website offers categorized, customizable travel packages to help with budget-friendly trip planning challenges.

- <u>React.js certification from Udemy, showcasing proficiency in modern web development practices.</u>

- <u>Certified in SQL, demonstrating strong database management and query optimization skills.</u>

- <u>Completed a course in Git, showcasing proficiency in version control and collaborative development.</u>
